An Act relating to abortion; prohibiting the performance of an abortion upon a woman without first determining whether there is a detectable fetal heartbeat; providing exception; limiting exception; defining terms; providing penalty; providing for codification; and providing an effective date.

SUBJECT: Abortion

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 1-731.3 of Title 63, unless there is created a duplication in numbering, reads as follows:

A. No person shall perform or induce an abortion upon a pregnant woman without first detecting whether or not her unborn child has a heartbeat. No person shall perform or induce an abortion upon a pregnant woman after such time as her unborn child has been determined to have a detectable heartbeat except if, in reasonable medical judgment, she has a condition that so complicates her medical condition that it necessitates the abortion of her

pregnancy to avert her death or to avert serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. No such condition may be determined to exist if it is based on a claim or diagnosis that the woman will engage in conduct which she intends to result in her death or in substantial and irreversible physical impairment of a major bodily function.

B. A "detectable heartbeat" shall mean embryonic or fetal cardiac activity or the steady or repetitive rhythmic contract of the heart within the gestational sac.

C. "Reasonable medical judgment" means a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

D. Any person violating subsection A of this section shall be guilty of homicide.

SECTION 2. This act shall become effective November 1, 2021.

Passed the House of Representatives the 9th day of March, 2021.
