

**VIDEO MESSAGE OF THE HOLY FATHER FRANCIS
TO THE PEOPLE ON THE VACCINATION CAMPAIGN AGAINST
COVID-19**

[Multimedia]

In a brotherly spirit, I join in this message of hope for a brighter future. Thanks to God and to the work of many, we now have vaccines to protect us from COVID-19. They grant us the hope of ending the pandemic, but only if they are available to all and if we work together.

Being vaccinated with vaccines authorised by the competent authorities is an act of love. And contributing to ensure the majority of people are vaccinated is an act of love. Love for oneself, love for one's family and friends, love for all people. Love is also social and political, there is social love and political love; it is universal, always overflowing with small gestures of personal charity capable of transforming and improving societies (cf. *Laudato si'*, no. 231, cf. *Fratelli tutti*, 184).

Vaccination is a simple but profound way of promoting the common good and caring for each other, especially the most vulnerable. I pray to God that everyone may contribute their own small grain of sand, their own small gesture of love; no matter how small, love is always great. Contribute with these small gestures for a better future.

God bless you, and thank you.
