Experience

Senior Product Policy Manager, Misinformation
Meta · Full-time
Jul 2019 - Present · 3 yrs
Seattle, Washington, United States
Leads a team developing misinformation policies across the Meta family of products, including Facebook, Instagram, and WhatsApp. Drives and oversees a high volume of policy work that balances countering harm with protecting free expression. Fosters autonomy and morale in a high-pressure, fast-paced environment. Engages frequently with senior executives and high-profile external stakeholders. Works extensively with product, operations, public policy, communications, legal, and other cross-functional partners.

Senior Analytic Manager
Central Intelligence Agency
Mar 2002 - Jul 2019 · 17 yrs 5 mos
For more than 15 years, wrote and oversaw intelligence analysis to enable the President and senior US officials to make decisions on the most critical national security issues. Focused on the impact of influence operations on social movements, security, and democracy. Served in multiple positions in the US and rotational assignments overseas, most recently leading dozens of counterterrorism analysts and managers. Wrote for and edited the President's Daily Brief; led briefings for Cabinet members, senior National Security Council officials, and Members of Congress; staffed the Deputy Director for Analysis and other senior executives; managed multi-million dollar budgets; and coordinated across the Agency, intelligence Community, military, law enforcement, and other US Government agencies. Known as a leader who deepened strategic work, increased team output, and fostered morale during reorganizations, and who championed diversity and inclusion for a workforce of several hundred people. Recognized with numerous awards for leadership, innovation, collaboration, and critical thinking.

About

I bring over 15 years of analytic experience with top-tier writing and briefing experience from the US Intelligence Community and YouTube Trust and Safety to provide cross-vertical and global analysis to high-risk intelligence and policy problems.

Experience

 **All Source Intelligence Analyst Lead, Trust & Safety.**
YouTube · Full-time
Jan 2019 - May 2022 · 3 yrs 5 mos
United States

- Proactively assessed platform risks across verticals (including Child Safety, Violent Extremism, Hate, and Graphic Violence) for Western Hemisphere users and advised stakeholders on cultural and regional nuances driving these risks.
- Collaborated with policy product, engineering, search and discovery, monetization, and other cross functional stakeholders to mitigate platform risks and drive policy and product solutions with senior leadership.
- Developed and managed a risk triage profile for areas of responsibility, and proactively pursued external and internal research and data development methods to increase risk profile sophistication.
- Influenced policy and operational decisions by raising new and outstanding platform risks to senior leadership.
- Worked closely with product analysts and data engineers to develop internal intelligence tools and scale solutions.
- Delivered actionable data analyses to drive decisions with deeper insights derived from evaluating edge cases and gray areas.
- Mentored and onboarded junior analysts across time zones, serving as mentor on argumentation, critical thinking, and anticipating customer concerns and knowledge gaps.
