PRAYER PLEDGE: VP Pence is right. We need prayer to fight coronavirus, not political antics

👤 11,762 | ⌚ 2 days ago

Vice President Pence is right: We need to ask help from God first, and then get to work...instead of political point-scoring over the coronavirus.

This petition, addressed to the Senate and House majority leaders, asks our politicians to unite, to protect Americans as much as humanly possible -- and then, leave the rest to God.

Before starting their meeting on Monday, Mike Pence's Coronavirus Task Force was pictured in prayer at the White House.

As soon as word got out, Democratic politicians, and their sidekicks in the media, started to criticize and mock the Vice President's and the White House's effort to contain the spread of the coronavirus in the United States.

- Democratic Candidate, Senator Bernie Sanders called it "disgusting."
- Senators Chuck Schumer and Elizabeth Warren falsely accused the Trump Administration of having no plan, despite the CDC having already issued a risk assessment and planned response.
- Rep. Nancy Pelosi stated that the President doesn't know what he's talking about, when he is talking about the spread of the virus.

But, this is clearly not the time to politicize a deadly virus.

And, prayer should be the natural starting-point for any major undertaking, especially one involving potentially life-and-death decisions.

Let's show politicians in Washington D.C. that America is united in prayer against the coronavirus and that we expect them to work together to protect American lives.

But, most of all, let's show them that our trust is not in government but in Almighty God, that His will be done.

Please **SIGN and SHARE** this petition, and pray for wisdom to prevail among our politicians - not trading political barbs - as they work to protect Americans from the coronavirus.

Thank you!
